

Technical drawing of a curved wall section, likely a corner or a segment of a circular wall. The drawing includes the following dimensions and features:

- Overall Dimensions:**
 - Top horizontal dimension: 840
 - Left vertical dimension: 625
 - Bottom horizontal dimension: 795
 - Right vertical dimension: 160
- Internal Dimensions and Radii:**
 - Radius R740 (indicated by a blue line and label)
 - Radius R755 (indicated by a blue line and label)
 - Radius R860 (indicated by a blue line and label)
 - Radius R275 (indicated by a blue line and label)
 - Radius R255 (indicated by a blue line and label)
 - Radius R740 (indicated by a blue line and label)
 - Radius R755 (indicated by a blue line and label)
 - Radius R860 (indicated by a blue line and label)
 - Radius R275 (indicated by a blue line and label)
 - Radius R255 (indicated by a blue line and label)
- Other Dimensions:**
 - 106 (horizontal distance from left edge to start of curve)
 - 15 (vertical distance from bottom edge to start of curve)
 - 486 (length of the curved segment)
 - 480 (length of the curved segment)
 - 485 (length of the curved segment)
 - 188 (horizontal distance from right edge to start of curve)
 - 152 (vertical distance from bottom edge to start of curve)
 - 130 (horizontal distance from right edge to start of curve)
 - 20 (small horizontal distance at the top right corner)
 - 6 (small horizontal distance at the bottom right corner)
- Construction Lines:**
 - Red dashed lines indicating the center of curvature for the main arc and the inner corner.
 - Blue solid lines indicating the radii and other dimensions.
 - Blue hatching indicating the area of the curved wall section.
